NEWS RELEASE: FOR IMMEDIATE RELEASE

National HOA experts Vial Fotheringham LLP have expanded to Arizona, offering education, resources, and knowledge to homeowner and condominium associations of the Southwest. Joined by two local attorneys, the new Chandler office assists and advises community associations, while also providing seminars and hosting complimentary articles and tools online at <http://www.vf-law.com/HOA-Resources>.

In order to benefit Central Arizona planned communities with proactive knowledge and information, Vial Fotheringham has compiled a unique guide to community association life with their “HOA Handbook.” From pets, parking, smoking, and other nuisances, to what to do if you get sued...the book is a comprehensive survival guide for Arizona homeowner and condominium association boards. Vial Fotheringham will be providing 100 of these books for free. Call for information or to receive your free copy: 480.448.1334.

Another resource being offered is the complimentary HOAdvisor tool, where local board members and managers may ask questions about pressing community questions via chat or email, or schedule a free talk with an attorney in person or over the phone.

Vial Fotheringham, a full-service homeowner association law center, is dedicated to helping HOAs navigate community life. With over 30 years in the industry, they provide expert representation, analysis, and advocacy on behalf of associations, and are excited to now provide these services in Arizona. For more information, please visit www.vf-law.com.
